

IS YOUR
POOL COVER
THIS SAFE?

LOOP-LOC® COVERS

SAFETY POOL COVERS | 2013

MADE IN THE USA

Manual Safety Cover
in accordance with ASTM
Standard F 1348-91

LOOP-LOC
THE ONE. THE ONLY.

SAFETY SWIMMING POOL COVERS

Protect your family with the only mesh pool cover that passed the elephant test.

BEFORE

This solid waterbag cover is a slimy, unsafe mess after just a few rains.

AFTER

A LOOP-LOC safety swimming pool cover stays beautifully dry and safe in any weather.

SAFETY
SO UNIQUE IT'S
PATENTED

LOOP-LOC® puts an unbreakable "lock" on your pool to protect your family. And only LOOP-LOC is available with the patented **CABLE-LOC™** and **GAPGUARD®** Child Safety Intrusion Barriers. They close the dangerous gaps created where raised obstructions meet the cover's edge, so there's no way a child or pet can slip through.

DESIGNED
TO FIT YOUR
POOL
AND YOUR
STYLE

LOOP-LOC's exclusive Computer Aided Design **ensures a perfect, custom fit for any shape or size pool:** from a simple square to the most complex installation, LOOP-LOC can manufacture a custom cover with the perfect fit for any pool or spa.

CLEAN &
BEAUTIFUL
YEAR
ROUND

LOOP-LOC always stays tight, clean and beautiful on your pool – unlike a saggy, unsightly waterbag cover that becomes a dangerous, slippery swamp after just a few rains. LOOP-LOC's super dense mesh allows rain to drain through. The cover stays dry and beautiful in any weather!

NO MORE
MAINTENANCE

Unlike solid waterbag covers, a **LOOP-LOC requires no pumping, scrubbing or heavy maintenance.** Plus, it's easy to install and remove with LOOP-LOC's unique anchoring system.

Super Dense Mesh

Blocks virtually all sunlight, but lets rain and melting snow easily drain through.

Unique Anchors

Offers ultimate protection and fit flush with the deck.

Choice of black, gray, green, tan or blue to complement your outdoor decor.

Super Dense Mesh

Blocks virtually all sunlight, but lets rain and melting snow easily drain through.

Protect your family with the only mesh pool cover that passed the elephant test.

You'll probably never need a pool cover safe and strong enough to support the weight of "Bubbles," the African elephant seen on the cover. But imagine how safe you'll feel owning the only pool cover that's proven it can: the LOOP-LOC[®] Safety Swimming Pool Cover.

There's Only One LOOP-LOC.

HERE ARE 15 REASONS WHY.

1. A LOOP-LOC cover is the only safety cover to be awarded UL certification year after year.
2. Mesh construction lets rain and melting snow drain right through.
3. LOOP-LOC is so durable, it's backed by a 15-year prorated warranty and so safe, it may reduce your liability insurance.
4. LOOP-LOC is so lightweight, putting it on and taking it off your pool is a snap.
5. LOOP-LOC blends beautifully into any backyard, with your choice of standard Spring Green or four optional designer colors.
6. LOOP-LOC's patented CABLE-LOC™ and GAPGUARD® Child Safety Intrusion Barriers close the gap created when a pool includes raised obstructions located at the cover's edge.
7. The polyester bonded thread used in LOOP-LOC covers costs almost 10 times more than that used by some of our competitors.
8. Double perimeter webbing and double-thick straps give our covers an incredibly high break strength.
9. We use extremely high-strength, non-corrosive 302 grade stainless steel springs for superior weight-bearing capacity.
10. Unique brass anchors recess flush with the deck when the cover is removed.
11. We sew the webbing to the cover using contrasting white thread, instead of black, to ensure that not a single stitch is missed.
12. We use 87% black yarn in our fabric for superior UV stability.
13. Chafe strips are manufactured with exclusively virgin material – not “regrind,” which tends to stain decking.
14. Non-corrosive aluminum tips are double-notched for stability.
15. The large X-tacking on LOOP-LOC straps is sewn manually for precise placement and maximum strength.

ULTRA-LOC[®]

Patent Pending ULTRA-LOC II[®] Solid Safety Cover Is Tougher than Tough, Stronger than Strong!

You no longer have to choose between the light weight of a mesh pool cover and the light-blocking benefits of a solid cover. Revolutionary ULTRA-LOC II gives you the best of both worlds!

WARRANTY

Drains super-fast with optional mesh drainage panels

Cover without panels blocks 100% of sunlight and comes with automatic pump, which must be used at all times to meet ASTM safety cover standards.

Superior "bounce back" eliminates ugly pockets of water and debris

Manual Safety Cover
In accordance with ASTM
Standard F 1346-91

LOOP-LOC Covers not only meet, but exceed ASTM standards for Safety Swimming Pools Covers F 1346-91. And to show our commitment and dedication to the safety and security of your children and pets, all LOOP-LOC covers have undergone extensive outside testing through Underwriters Laboratories (U.L.) and have earned the U.L. seal of approval for safety swimming pool covers.

It's the only solid safety pool cover that:

- ✓ Is environmentally friendly because its 100% ultra-strong polypropylene material (0% vinyl) is 100% recyclable.
- ✓ Bounces back better and drains super fast. No more ugly pockets of water and debris that is found with typical solid vinyl covers.
- ✓ Requires no scrubbing or heavy maintenance like solid waterbag covers. And it's much lighter in weight than typical solid vinyl covers, so putting it on and taking it off your pool is a snap!
- ✓ Fits any pool or spa perfectly, from a simple square to a complex installation with a custom cover.

Blends beautifully into any backyard décor in your choice of blue, tan or green

Incredibly
lightweight

COMMERCIAL COVERS

LOOP-LOC Keeps Your Facility Safe and Saves You Money.

In the off season, an empty, unsupervised commercial pool can be an invitation for disaster. Locked gates or fences alone have often proved ineffective in preventing children and pets from gaining access to the pool area.

WARRANTY

- ✓ Save big on water because the pool doesn't need to be drained at the end of every season.
- ✓ Extend the life of your pool by reducing the need for repainting or replastering.
- ✓ Have the potential to lower your liability insurance premium.
- ✓ Help the environment. Keeping the pool filled means you don't have to worry about disposing of chlorine and chemically treated water, an environmental hazard that many states are in the process of regulating.

Manual Safety Cover
In accordance with ASTM
Standard F 1346-91

MINIMUM SPECIFICATIONS

For Commercial Installations To Meet ASTM Standard F1346-91

MATERIAL: Polypropylene-extruded monofilament yarn. 525 denier in the warp and 595 denier in fill. 41 x 20 construction plus 80% minimum black yarn and 20% minimum green yarn for best U.V. stability. Burst strength of material is 650 P.S.I.

WEBBING: 1" wide polypropylene, polyester with nylon filler. Minimum break strength 2,000 pounds single. To be used double-thick for minimum strap break-strength of 4,200 pounds. Minimum 90% black yarn. (Cotton, wool or other natural fibers treated or untreated are unacceptable for safety cover use).

CHAFING STRIPS: (Under cover) 1" minimum width, 20" to 36" long (depending on cover overlap) extruded solid, virgin vinyl 3/16" thick. All inside corners heavily padded.

SAFETY BARRIER/GAP-GUARD: Solid, virgin vinyl 3" extrusion for raised walls, etc., and 15" extrusion for raised steps as needed to meet (or exceed) ASTM Safety Standard F1346-91. LOOP-LOC Patent No. 4,982,457.

THREAD: Dabond polyester Veemo - UVR. Size 138. Three rows of stitching all directions.

SPRINGS: 302/304 stainless steel, two draw-bar compression type with thick vinyl tubular deck-protective covers. Break strength 3,200 pounds.

ANCHORS: Brass, flush-mounted in deck with screw-type insert. 4,000 pound break strength at neck.

INSTALLATION TOOLS: 30" long steel rod, with notched end and plastic grip.

FINISHED COVER: To have sections approximately 3' x 3'. (For residential rectangular pools only, cover may be made with approximately 5' x 5' sections.) All straps to be "X"-tacked at cover edge with stainless steel buckles and aluminum tips.

WARRANTY: Safety cover will have a 15 year prorated warranty.

ON-GROUND POOL COVERS

Superior Safety, Strength and Protection.

Owners of on-ground pools (surrounded by at least 2 feet of deck*) can enjoy the same safety, strength and protection owners of in-ground pools have enjoyed for years with a LOOP-LOC On-Ground safety cover.

The Only On-Ground Pool Cover Good Enough To Be LOOP-LOC

- ✓ Mesh lets rain pass through, so no hazardous standing water collects on top.
- ✓ Non-corrosive type 302 stainless steel springs & double-notched aluminum tips.
- ✓ Durable double-thick solid polypropylene webbing straps surround entire perimeter, not just corners.
- ✓ Easy to maintain. Mesh fabric requires no scrubbing and powdering when you remove it.

*NOTE: Pool must be surrounded by a self-supporting deck at least 2 feet wide. Not for basic above-ground pools.

BABY-LOC[®]
